Stage the Date Dimension

- 1) Truncate table in the Stage db
- 2) Extract the date table from ExternalSource (same as Homework 6)
- 3) Load the staged Date Table to the DW

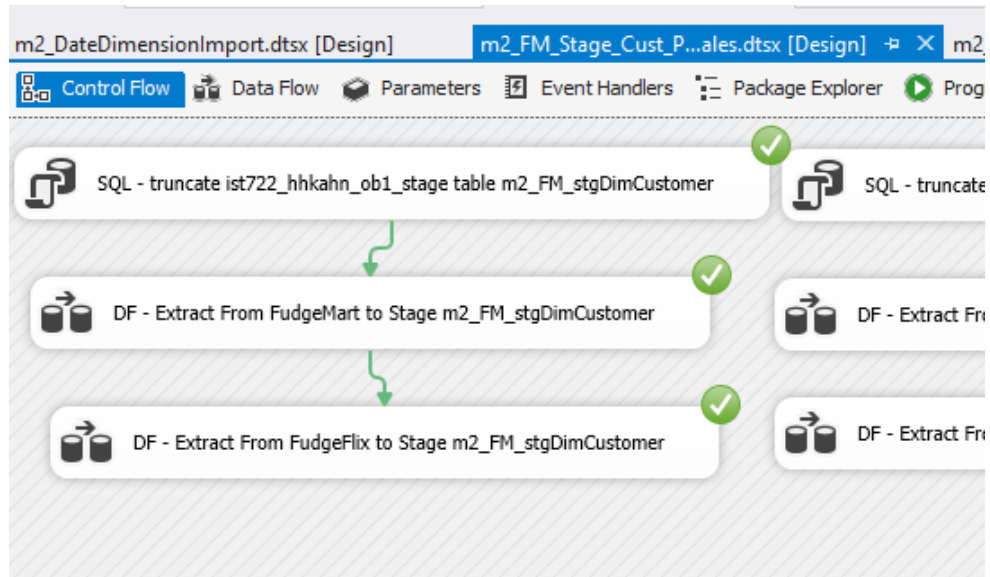

Stage the Data

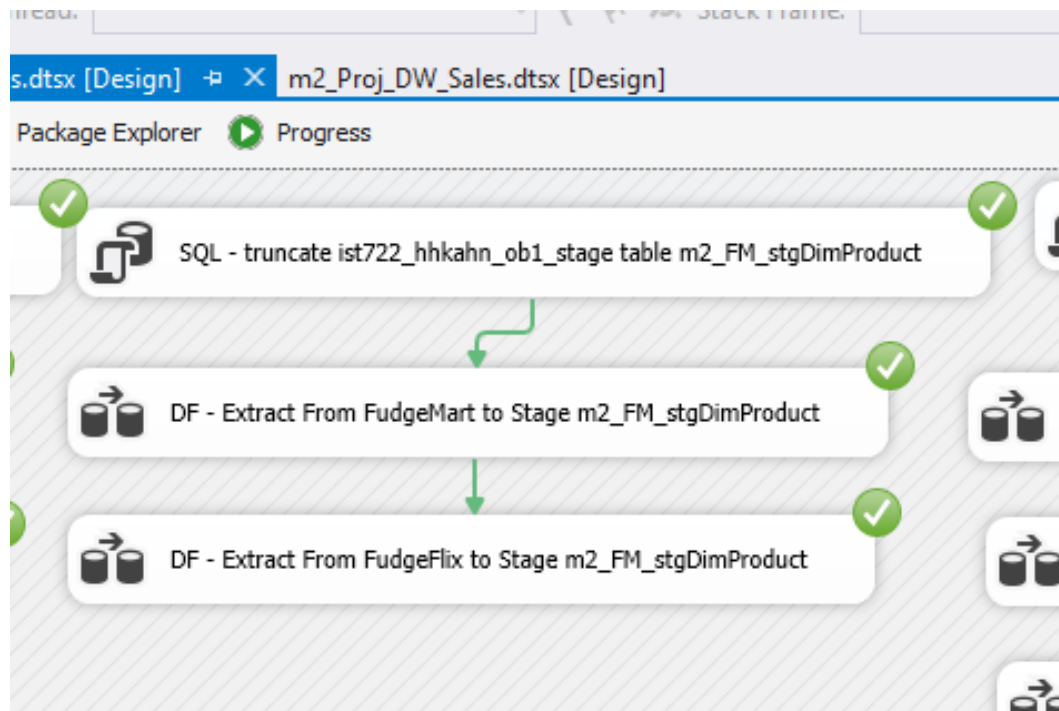

1. Three sets of data to be staged. All following the same series of steps- truncate table, extract from source1 and extract from source 2.

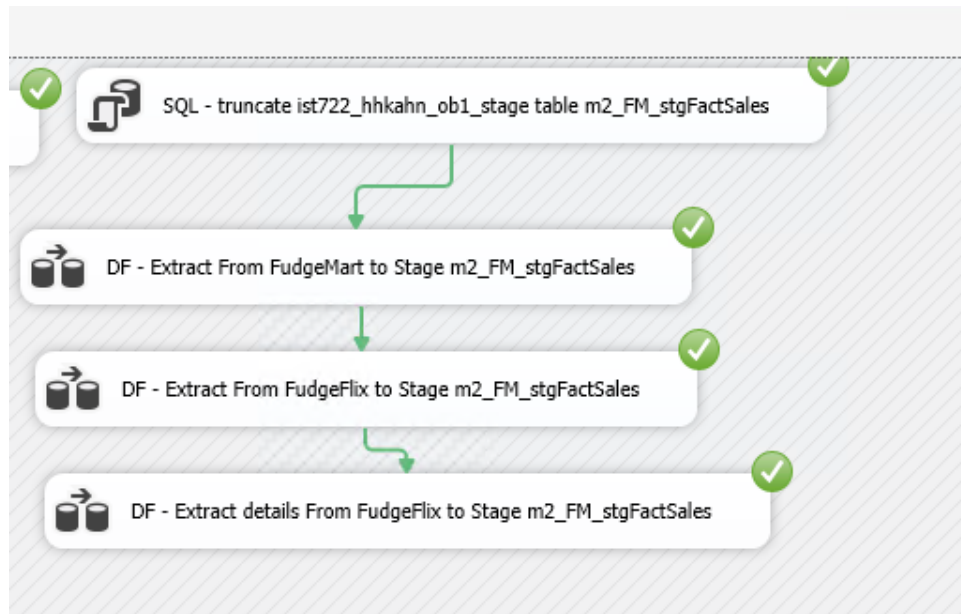

Stage DimCustomer

Stage DimProduct

Stage Fact Sales

Stage to DW
